### What is Power Delivery?

USB Power Delivery is a new, universal multi-voltage charging standard that dynamically negotiates power output over a USB Type-C connection to safely and efficiently recharge a wide range of compatible devices.

### To get USB Power Delivery, the followings are required:

- Device (phone, tablet, laptop) that supports USB Power Delivery
- USB-C charger with USB Power Delivery
- USB-C to C cable or Apple USB-C to Lightning Cable

- 04 -

### Getting Started

1. Insert the CC-Y10 into your vehicle 12V/24V power outlet
2. Connect a charging cable (not included) to your device charging port
3. Connect the other end to a USB-C output port on the CC-Y10
4. Unplug your devices when fully charged

### Product Care & Use

- USB-C outputs with Power Delivery support fast charging for iPhone XS / XS Max / XR and other compatible models when used with original Apple USB-C to Lightning Cable
- Keep away from liquids and extreme heat
- It's normal that the CC-Y10 may get a little warm during charging
