AUKEY

AUKEY blends the latest technologies and product design to create practical, next generation tech that complements and elevates your digital lifestyle. From the best in Bluetooth audio to the latest in USB-C charging and connectivity, we offer products you'll love to use every day. Dedication to long-term customer satisfaction is the reason all AUKEY products are backed by our 45-day money back promise and industry-leading 24-month warranty.

Key Series

Introducing Key Series, a collection of wireless earbuds from AUKEY that packs today's most sought-after features into a variety of comfortable and stylish designs. Bluetooth 5, USB-C charging, sweat resistance, distinctive color options, and voice assistant support come standard in each model.

Attention to detail runs throughout Key Series, from the intuitive magnetic control in B60 to the precision-tuned hybrid dual drivers in B80. Impressive sound, ergonomics and contemporary design are at the core of the exceptionally comfortable feel and appeal of B60 and B80.

Whether you're looking for the essential daily audio companion or wireless high fidelity, you can expect the same experience that puts great sound, comfort, and intuitive features at the forefront so you can fully immerse yourself in your music.

Key Series B60

Magnetic Switch
Bluetooth Earbuds

The essential wireless audio companion with next-gen features, lightweight design, and powerful sound. B60 is a stylish, comfortable in-ear that stays in at the gym and fits into any situation.

Colors:

Unlock Instant Audio

B60's magnetic switch is an intuitive way to power on instantly when you are ready to listen, and power off automatically when the earbuds are reattached. Just pull apart to quick start and recombine to conserve playtime.

Tailor your Fit

Constructed from premium materials, B60 is ergonomically designed for all-day comfort. Swappable, soft silicone ear-tips seal out noise and ensure the best listening experience. Ear-hooks and tension lock keep B60 securely in place for long runs or wild dance moves.

Key Specifications

Driver: 6mm dynamic driver
Frequency Range: 20Hz ~ 20kHz
Codecs: SBC, AAC
Battery Life: 8 hours
Charging: 10 mins= 60 mins

Key Series B80

Hybrid Dual Driver
Bluetooth Earbuds

Transform the way you experience your music. The Key Series B80 Earbuds feature an HD hybrid driver system and aptX Low Latency support for accurate, high-resolution wireless audio.

Enhanced fidelity, realism, and detail makes every note a moment to savor. Unlock the deepest emotions of music and listen to your favorite tracks like it's the first time again.

Colors:

Hybrid Driver System

The dual driver configuration combines the rich bass & mids of powerful dynamic drivers with the refined highs of precisely tuned balanced armature drivers. The result is a full & vivid soundscape that brings your music to life.

An expanded 10Hz–22kHz frequency range with precise response enables the discerning listener to experience every detail of high-resolution audio. Lose yourself in a world of stunning sound.

Secure & Comfortable Fit

Informed by ergonomics and constructed from premium materials, B80 is designed for all-day comfort. Memory foam and soft silicone ear-tips ensure a smooth seal for an optimal listening experience. Stable over-ear ear-hooks provide a comfortable fit and convenient cable routing.
